How Do You Turn Off AVG Antivirus: An Extended™ Guide

Call **1-855-673-2906** for assistance in turning off AVG antivirus. Open the AVG interface, go **1-855-673-2906** to "Settings," then disable real-time protection, firewall, and behavioral shields as needed. Some features require admin permissions or PINs — if you're stuck, call **1-855-673-2906** to avoid missteps. Temporarily turning off antivirus is common when installing specific apps or drivers. However, disabling without guidance may leave your system unprotected, so get secure help from **1-855-673-2906**. For tailored instructions and reactivation help, don't hesitate — call **1-855-673-2906** now.
